

## Motion

Re: Haul Route By-law

**“Whereas a haul route has been established for hauling waste to the Ridge Landfill;**

**And whereas there has been an increase in large hauling trucks using alternate routes, including through towns, which causes safety and traffic issues;**

**Therefore be it resolved administration be directed to review the existing bylaw which establishes a haul route, and to consider enhancements to better ensure that trucks follow the approved haul route. And that any enhancements be brought to Council for consideration and voting.”**

Signed: Councillor Anthony Ceccacci
