**Subject:** Additional Work Required for Q22-308 - Replacement of Pool Liner at Howard Community Pool, Ridgetown

---

**Recommendations**

It is recommended that:

1. Additional work required for project number Q22-308 for the replacement of the pool liner at the Ridgetown-Howard Community outdoor pool be awarded to Acapulco Pools for the total of \$77,919.15 (HST included.)
2. The project be funded through the Outdoor Pools Lifecycle Reserve.

**Background**

The Ridgetown-Howard Pool was built in 1969 to service the residents of Ridgetown and Howard Township. After several years of operation, the original pool basin had been repaired and resurfaced several times and a vinyl membrane liner was installed in 2006.

**Comments**

The current liner is deteriorating and beginning to separate from the pool basin wall. Project number Q22-308 to replace the liner was approved by Council on October 3, 2022. When the old liner was removed Acapulco Pools advised the Facilities Supervisor that work could not proceed until repairs were made to the pool basin walls. Work required involves the removal and replacement of approximately 800 sq ft of concrete and the application of a bond coat, replacement of unsafe rope anchors and repairs to skimmers. The project is currently on hold and will not proceed until these repairs are performed. The Ridgetown-Howard Pool has been used regularly and continues to be a valuable recreational amenity for the area.
